

RUN MISSION INTERNATIONAL SCHOOL, THIRD QUARTER NEWSLETTER, SEPTEMBER 2025.

Our God has been so good to us. His love endures forever. It's really true that Jesus loves children. Every day He takes us to School and back safely. There are a lot of progress in the development of the school far as academic work is concerned. Day in and day out there is an improvement and we have an activity to do.

ENCOURAGING NEWS

1. PROGRESS

A. ENROLMENT

We vacated on the 8th of August with full activities and it encouraged both the pupils and their parent. We reopened on the 2nd September, 2025. Classes started right away with full momentum. All our students reported. We have had eight(8) new admissions. Praise the Lord! The Lord is answering our prayers.

B. ACADEMIC WORK

Academic work is very encouraging. The pupils are now performing well. The grades the children had last term and their homework is testifying that there is an improvement. We have also strengthen our communication in English at school and it is working. Since it's our second language I think with time we shall overcome. We have put some measures in place to reduce the communication in our first language on campus

C. NEW CLASSROOM BLOCK

Last quarter I reported on the new school building project. On the land we have laid about 1500 blocks to begin the building of a six -unit classroom block. We are praying to get funds for the project. God is our helper. We are planning to do it in phases. We want to put up a three classroom structure in the meantime which will be about \$7000. As we continue to pray for the Lord to provide funds for the rest. The Church has decided to help with the labor. At the moment we don't have funds to start the project. We are therefore appealing to everyone to support us. If you can recommend the School to any donor agency, or organization or individual who will be willing to help us we would be grateful.

2. ACTIVITIES

A. VEGETABLES DAY

The vegetables DAY took place at Run Mission International School on Tuesday 15th July 2025 at 12:30 in the afternoon.

The purpose of this program was to educate the learners about vegetables. The lesson was divided into two categories. That is theory and practical.

1. The meaning of vegetables
2. Examples of vegetables
3. Importance of eating vegetables
4. Ways of handling vegetables.

We then moved to the practical aspect.

In addition to that, we educated them on some dishes vegetables are used for and their preparation. Examples: stew, soup and slides ed vegetable salad. This involved the chopped vegetables of different kinds with dressing. We had cabbages, lotus, spring onions, cucumber, carrots, green pepper, tomatoes, onions and salt. We mixed it to form a delicious salad. We added mayonnaise, tomatoes sauce, sardines and baked beans.

In conclusion the learners discovered the importance of eating vegetables and accepted it with joy. They were able to identify the different vegetables. They also enjoyed the salad with their lunch.

B. NELSON MANDELA'S DAY CELEBRATION

Nelson Mandela was a super hero and the first Black President in South Africa was born on the 18th July.

It became necessary for us to learn about Nelson Mandela. So on the 18th July Run Mission International School organised Nelson Mandela's Day. This program helped the learners to acquire

knowledge about this great man. 45 learners and 5 teachers were gathered for the program. Dr. Skinner, a Volunteer from the United States of America, spoke on the life history of Nelson Mandela online

A picture colouring work was given to the learners that shows some fact about Nelson Mandela. This engaged the learners during the program.

After the lesson the learners were able to answer all the questions concerning the history of Nelson Mandela. The learners talked about the lesson they have learnt from Mandela's life history which was challenging.

1. Someone said " Mandela was a brave man. I want to be like him"
2. Someone also said " Mandela never gave up. I want to be like him.
3. Another also said the " Mandela sacrifice his life for Justice. I want to be like him.

In conclusion, Nelson Mandela has left a legacy for us to follow him. He was able to achieve his aim.

C. THE CHILDREN OF GHANA: THE IMPORTANCE OF CLIMATE LITRACY

On a beautiful sunny day in Ghana, students gathered to explore the fascinating world of weather and climate. Through hands-on activities and observation, they learned about the importance of weather patterns, rainfall, and temperature changes—essential knowledge in an era of increasing climate uncertain. Most of the children reported enjoying the lesson

and expressed excitement about continuing to observe rain patterns in their local areas. A few even took the initiative to document temperatures over a three-hour period, demonstrating their growing curiosity and engagement.

Pastor Isaac, a local education advocate, shared, “The children really enjoy Dr. Skinner’s English Club, which was established in 2020 during the COVID-19 era.” The club not only fosters language development through spelling and sentence-building activities but also integrates real-world topics like environmental awareness, helping students develop both literacy and critical thinking skills.

Conclusion: As Ghana and the world grapple with the realities of climate change, building climate literacy from a young age is no longer optional—it is essential. These young learners are taking their first steps toward becoming informed and responsible stewards of the environment. Programs like Dr. Skinner’s English Club prove that when education is engaging and relevant, children not only learn—they thrive. By nurturing their understanding of the environment today, we are empowering the next generation to lead the charge toward a more sustainable tomorrow.

CAREER DAY

The career day program was designed to provide students with valuable occupational information and career guidance. Since every student has a future career to pursue, such programs are essential. Run Mission International School organized her Career Day on August 08 at the school premises.

The event features a variety of activities, including

1. TALK ABOUT GOD IN ALPHABETS:

An engaging activities involving most of the nursery pupils

2. SONG MINISTRATION:

Performed by the school choir.

3. DRAMA PRESENTATION: Used as an education tool to highlight the harmful effect of smoking and the importance of starting your own business if not employed by the government.

4. CHOROEGRAPHY: a creative dance by the students.

5. CADET PERFORMANCE: A disciplined and well-coordinated march by the school cadet corps

6. CAREER DISPLAY: An opportunity for students to express their aspiration and shared their future career goals.

7. SPEECHES: Inspirational talks were delivered by notable guests including Mr. Enoch Ocran, Madam Caroline Field from the United Kingdom and Mr Evans Amponsah. They shared valuable insights on Education with Parents, Teachers and students. The Assistant school prefect, Magaret Owusu also address the gathering, highlighting some urgent challenges facing the school that require attention.

REMEMBRANCE DAY COMMEMORATION (SEPTEMBER 11TH)

On September 11th, Run Mission International School celebrated Remembrance Day with special program. The event aimed to educate students about the significance of kindness and empathy.

The event featured two main activities which are;

*Story telling session: A story about the tragic event that happened on September 11, 2001 was shared with students. The story highlighted the selfless act of bravery and kindness displayed by individuals who risked their lives to assist others.

The story of the Good Samaritan in the Bible was used as an example.

Through this, students gained a deeper understanding of the importance of promoting empathy and kindness. Also the significance of assisting people in need, even in the face of adversity and the value of courage and selflessness.

*USA flag colouring: The students were fully engaged throughout the program, demonstrating their creativity during the flag colouring activity.

D. In conclusion, the program was enjoyed by all- students, parents teachers and invite guests. Feedback was overwhelmingly positive, with many praising the students' fluency in English and the teachers' dedication tom preparing them for the future. Overall, the event was great success, showcasing the excellence and potential of Run Mission International school

E. DR. KWAME NKRUMAH'S MEMORIAL DAY CELEBRATION REPORT

On September 23rd, Run Mission International School paid tribute to the visionary leader, Osagyefo Dr. Kwame Nkrumah, with a memorable Celebration. The event was marked by enthusiasm, Patriotism and a deep appreciation for Dr. Nkrumah's contributions to the history of Ghana.

The program highlighted on the following

1. Honouring a legacy: Students learned about Dr. Nkrumah's remarkable life from his early days in his leadership in Ghana's independence struggle and his vision for a unified Africa. Due to this, the students gained a deeper understanding of Dr. Nkrumah's life, legacy and value.
2. Moral values: The discussion also focused on the moral lessons that can be derived from Dr. Nkrumah's life such as :
 - a. Leadership and vision
 - b. Selflessness and dedication to the nation
 - c. Influence of education and hard work.

This encouraged students to learn those lessons from Dr. Kwame Nkrumah's life.

3. Students also showcased their creativity through Ghana flag colouring demonstrating their understanding of the National symbols and pride.

In conclusion, the celebration was a resounding success and students left with deeper understanding of Dr. Nkrumah's legacy and its relevance to their lives. The event Promoted Patriotism, Leadership and unity among students.

SCHOOL BUS

The school bus engine broke down in September. It worked for only one week this term. And the pick up too got a break down. We were using taxi to pick the children who live outside Twumaseh. To repair the bus engine we need Ghc9000 so that we can use it for some time. Since the bus is old, we need a new bus to make our transport system run smoothly.

VOLUNTEERING WORK

Our God has been faithful to Run Mission International and has been blessings us with volunteers to teach in the school from time to time.

A. DR. ANGEL SKINNER

Angel is the first volunteer who started an online teaching during the COVID-19 ERA. She has continued to teach ENGLISH CLUB till today. The English club consist of some of our students and other students in the community who is willing to learn English. We meet every Friday from 4:30pm to 5:30pm. The impact of the club is overwhelming.

Angel is aiming at building a library for the school. Now she is advocating that all should donate books for the Library project. May God bless Dr. Skinner

B. JAY DRILING

Jay visited us in 2023 and taught in the school for about three (3) weeks. Jay saw the condition of our school bus and has taken upon himself to help raise funds from gofund.me page to repair or purchase a new bus for the school. The page has been set and fundraising is ongoing. We are appealing to everyone to come to our Aid. Nothing is too small. Kindly visit the <https://www.gofundme.com/f/support-jays-mission-fix-the-school-bus> and listen to our story

C. CAROLINE FIELD

Caroline came to volunteer in the school project in January and February this year. She was touched by the Lord when she saw our environment particularly our school building. She decided to raise funds for a new school building project. As at the end of September 2025, she has been able to raise three thousand two hundred pounds (3200) for the NEW SCHOOL BUILDING. We are aiming at about Fifteen thousand pounds (15000). We are appealing that you will support the project. Any amount is valuable! She also teach online when she is free

D. ELSA TECHER

Elsa is from REUNION. She visited in August. After going for a Give Thyself Wholly Conference, she had a call to ministry. So she decided to be trained as a Minister of the Gospel at the Anakadzo Bible Training Center, Mampong-Ghana. Her visit was just a weekend. She has decided to come over when on holidays.

E. PAUL MELCHOIR

Paul is from Austria. He is a young man of 23 years and a University student. His career is to become an English and Geography teacher. He came to volunteer in teaching English for 14 days. Paul taught with wisdom, creativity and excellence. He could bring even the weak students on board. His work at the school was a blessing to us. He also donated some stationery and sweets to almost every student. Many creative art materials. The rest was given to the school for the student to use it over and over. May the good God bless him more.

DR. SKINNER'S LIBRARY PROJECT

Apart from that, Dr. Skinner wants to raise funds to build a library for the School. She wants to put a request on a web page to request for books from individuals and organizations to make the Library complete. I am appealing to everyone to donate at

least a book to the Library
